

To whom it may concern:

I drive over 70 miles a day on 3 very busy highways. XM instant traffic and weather is a huge benefit to me. It supplies me with up to date information that other channels never mention. I pay hard earned money for this service and would be outraged if it is pulled from xm radio's line up. I urge you, the FCC, to reject the NAB's petition 04-160 and to support xm's ability to provide the kind of programming that i deserve. Thank you for listening and i hope am able to do the same in the future.

Respectfully your,

Brian Beddingfield
